"Royal Society" Waist Patterns

The Art Goods Section shows many pretty things—but nothing more attractive than the "Royal Society" voile waist patterns. The finished patterns are now on display, and the stamped material and floss costs only 70c. An embroidered waist for a total expenditure of half a dollar seems impossible. Just stop at the Art Goods Section tomorrow and look at these voile patterns.

OUR 30th ANNIVERSARY SALE

Our 30th Anniversary Sale opens Monday morning. Read our double page advertisement in tomorrow evening's paper. While all Anniversary sale items are well worth reading, we want you to be sure and read the 30 Extra Specials. They are entirely out of the ordinary.

Play Ball

Umpiring a game is sometimes no harder task than buying a pair of shoes, especially if you have sore feet, corns, if you are hard to fit or hard to please. We invite especially those who have lost patience trying to get the proper fit or the proper kind of shoes elsewhere. We want them to try the Guarantee. Our shoes and our way of fitting will be a revelation to them. Nor do we insist on selling if we can not please you.

PECOS IRRIGATING COMPANIES MERGED

Vast Tract at Grand Falls to Be Put Under Irrigation by Big Company.

Pecos, Texas, April 28.—The Consolidated Mutual Reservoir company has been chartered, for \$600,000, divided

into 60,000 shares of the par value of \$10 each, all subscribed and paid for. This company has purchased all the water rights, franchises, filings, appropriations, canals and laterals belonging to the Grand Falls Mutual Irrigation company, the Big Valley Irrigation company and the Grand Falls Lake and Reservoir company being a consolidation of these three companies. All three companies have been consolidated under one management as a purely mutual company and under the

present plans will be owned and operated ultimately by the owners of the land lying under adjacent and contiguous to the three systems consolidated. Surveys have been made and contracts will be awarded for the construction of three large reservoirs for the purpose of impounding the flood water and distributing it as needed for irrigation. M. L. Swinehart, the newly elected secretary-manager, says that the construction of levees to form reservoirs will require the handling of over 700,000 cubic yards of earth and the total cost of the reservoirs will exceed \$250,000, work to commence at once.

In addition to this work, the main canal leading from the Pecos river, will be greatly enlarged. The provision made for the construction of the three main reservoirs contemplates their being located at different points convenient to the source of supplies and the lands to be served. Surveys have also been completed and plans and specifications prepared, and filings made to cover all three reservoirs, which will provide part of the storage for the former Big Valley and the Grand Falls Mutual Irrigation companies' projects, the larger of which reservoirs will cover 3000 acres, water to lay at an average depth of 14 feet. This will, according to manager Swinehart, provide storage for more than 40,000 acre feet, or sufficient water to cover 40,000 acres of land, one foot deep at the same time over the entire body of land.

The officers and financiers of the new company are men of wealth and prominence. At the stockholders meeting held in Grand Falls Thursday the following were elected officers: M. T. Eudal, president; T. J. Gaylor, vice president; H. E. Moore, treasurer; M. L. Swinehart, secretary. Directors, J. L. Farley, J. B. Smith, W. A. White, M. T. Eudal, T. J. Gaylor, M. L. Swinehart and H. E. Moore. General headquarters for the company will be at Grand Falls, which is located about 20 miles from Pecos.

The Consolidated Mutual Reservoir company will irrigate the first year approximately 25,000 acres of rich valley lands.

The executive board of the El Paso Baptist association met at the First Baptist church here yesterday with a good attendance. Reports were received from different churches throughout the association, also covering the Sunday school institute. Among other matters taken up was the question of calling a general meeting of representatives of all the churches of the association to consider the matter of a permanent Baptist assembly in this part of the state. A committee was appointed to arrange for it. The corresponding secretary was instructed to issue hereafter a general monthly bulletin for the association, covering matters of interest. Salaries of the missionaries in the district were ordered paid. Those present were Rev. J. C. Burkett, Midland; Rev. L. R. Millican, Allamore; Rev. R. Peterson, Toyahvale; Rev. A. M. Isbell, Odessa; Rev. J. E. Cole, Pecos, and the following layman: J. C. Bird, Alpine and F. W. Johnson, W. D. Cowan, Eld Cowan and others.
